EVALUATION

Q 1 Please summarize the main theme of the review.

The paper reviews studies on the association between community-level factors, focusing on community structure and condition, and risky sexual behavior.

Q 2 Please highlight the limitations and strengths.

The paper is well written and the process of selecting relevant studies is correct as far as I can judge. However, there are some issues that should be addressed. See the added file

Q 3 Please provide your detailed review report to the authors, structured in major and minor comments.

See added text above. My comments are all minor since they can be addressed without a major effort .
